WORK TO BE COMPLETED: This detailed information can be found within the project description on your estimate OR below:

INVOICE TOTAL - Due Upon Completion

Payment Options : Cash, Check, & Credit Cards (3% Convenience Fee For Credit)

We will do our best to give you the most accurate estimate we can & notify you of any unforeseen challenges we may face so that we may discuss alternate options, and/or costs. Project balance is to be paid immediately upon completion. LPL is not liable for any underground systems, or wires. Estimate prices are valid for 30 days. Invoice total may vary.

We provide our best efforts to edge beds cleanly & deeply. However, the condition of soil (too soft/ hard) and roots / stone will be a factor to crisp consistent edges. This is typically not a problem. To avoid dusty dry conditions water your landscape regularly the few days leading to our arrival ! Soil amendments will be assessed if needed when

work begins on the beds. Each bed size and shape is unique and may take more or less mulch than expected. This is true for soil as well.

No discounts given for cash payments. If you choose to make any workload changes please notify us as soon as possible so we may make arrangements..

LPL will not be held responsible for:

- Damage to property, or delays in installation due to unforeseen events, or acts of nature.
- Additional costs incurred due to unforeseen circumstances.
